

Financial Information for the GeneSight® Test

ASSUREX HEALTH PROMISE

Insurance can be complicated, and we want you to feel comfortable knowing what you'll owe. We promise that if your cost could be more than \$330, we'll call you before we process your test.

What to Know about the Cost of a GeneSight Test

We Bill Your Insurance – We bill your insurance for the cost of the GeneSight test.

What You Owe – Insurance plans vary but if you have a traditional Medicare or Medicaid plan, your cost is \$0. If you have Medicare Advantage or other insurance, you may be expected to cover a portion of the test. That's typically \$330 or less. If it's more, we will contact you before we process your test. That's the Assurex Health Promise.

Billing Insurance Takes Time – It will likely be several months before you receive a bill from us. We'll keep you informed along the way.

Get Assistance from Assurex Health

We offer the Assurex Health Financial Assistance Program to help further reduce your cost. Find out if you qualify using our financial assistance calculator on our website: [GeneSight.com/FAP](https://genesight.com/FAP). How the Billing Process Works

1

Receive Sample

When we've received your sample, we will confirm your cost. If it's over \$330, we will call you before processing your test.

2

Bill Insurance

After your test is processed, Assurex Health will submit a claim to your insurance company.

3

Apply for FAP

We will then send you an application to pre-qualify for our Financial Assistance Program.

4

Receive EOB

Your insurance will process your claim. They may send you an Explanation of Benefits (EOB) – **THIS IS NOT A BILL.**

5

Your Bill

Once your insurance claim is completed, Assurex Health will send you a statement of what you owe. You can pay online, by phone, or by mail.
